

# REGISTER OF NEW NATIONAL STANDARDIZATION INITIATIVES NOTIFIED UNDER SECTORS IN THE SCOPE OF CENELEC

May 2023

Issued on: June 2, 2023

# **Information Procedure on Standards**

Notifications registered at CCMC during May 2023

Sector 07\_ENERU: Energy and utilities

Register issued on : June 2, 2023

Sector: 07GENE Registration Date: 2023-05-17

Organization: UNE

Country: Spain Latest Date for Comments: 2023-06-25

Project ID: P0058780/0001 Draft for public enquiry

ICS:

National Ref: PNE 224001

Title: Solar thermal electric plants. Criteria for design, installation and performance verification

of kinematic joints in solar thermal power plants with parabolic trough collector

technology.

**Scope:** This standard specifies the minimum criteria for the design and verification of the

performance of kinematic joints in solar thermal power plants with parabolic trough collector technology. It also includes guidelines or aspects to be considered for the

installation of these components in the solar field. In particular, it includes:

- Design criteria, instructions and manufacturer's tests.

- Installation criteria for kinematic joints.

- Load loss test

- Stress and longitudinal displacements and rotations test

Thermal cycle testLife cycle test

Maximum torque testLeakage verification test

It is considered as components of kinematic joints:

Rotary jointsFlexible tubesRotoflexible pipes

Other equipment and other services not explicitly mentioned in this document are outside

the scope of this standard.

National Ref: PNE 20315-3-1

Title: Plugs and socket-outlets for household and similar purposes – Part 3-1: Particular

requirements for socket-outlets incorporating USB power supply

Scope: This part of UNE 20315 applies to fixed or portable socket-outlets for AC only, with or

without earthing contact, with a rated voltage greater than 50 V but not exceeding 440 V and a rated current not exceeding 32 A, intended for household and similar purposes, either

indoors or outdoors, incorporating a USB power supply.
